DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions that are not so linked as to form a single general inventive concept under PCT Rule 13.1.

2. In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-4 and 30 (fully) and 5-16 (in part), drawn to a polypeptide, a vector comprising nucleic acids encoding the polypeptide, a recombinant expression vector comprising DNAs/RNAs encoding the peptide, and a method of transducing the polypeptide.

Group II, claims 5-16 (in part), drawn to a recombinant expression vector.

Group III, claims 17-25, drawn to a biomolecule transduction complex

Group IV, claims 26-29, drawn to a fusion protein expressed in a host cell using a recombinant expression vector.

Group V, claim 31, drawn to a method of transducing a regulatory molecule.

Group VI, claim 32, drawn to a method for transducing a fusion protein.

Group VII, claims 33-34, drawn to a method of transducing nucleic acid.

Group VIII, claim 35, drawn to a system of producing a protein.

Group IX, claim 36, drawn to a protein.

Group X, claim 37, drawn to an immunosuppressor agent.

3. The inventions listed as Groups I-X do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the special technical feature in Group I is the polypeptide and its encoding amino acid sequence. Groups II – X do not have the same corresponding special technical feature. Restriction is required under 35 U.S.C. 121 and 372.

Art Unit: 1647

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
